Local Matters.

Sun and Tide Table.
Sun rises tomorrow at 6:31 a. m. and sets at 4:55 p. m. High water at 10:44 a. m. and 10:54 p. m.

Weather Probabilities.
For this section fair, warmer tonight. Tuesday partly cloudy; light easterly winds.

A Distressing Accident.

Mr. Joseph A. Mingen was the victim of a distressing accident on King street, a short distance west of Pitt, about ten minutes past nine o'clock last Saturday night. The unfortunate man attempted to board a rapidly moving northbound electric train and had run from the corner of King and Pitt streets in order to catch the car. He either fell or missed his footing and the wheels of the rear car passed over one of his legs. A number of people saw Mr. Mingen when he endeavored to board the train and were eyewitnesses to the terrible accident. The unfortunate man was picked up and Dr. Walter Warfield, who was nearby, rendered what assistance he could. Afterward Mr. Mingen was conveyed to the Alexandria Hospital, where the leg was amputated above the knee by Dr. W. M. Smith. The accident attracted a large crowd. The train which ran over Mr. Mingen was in charge of Motorman Croson and Conductor Thomas. Mr. Mingen is about twenty years of age and was employed at the Old Dominion Glass Works. He resides at 721 Queen street. The boarding of moving electric trains on King street by boys keeps many people whose business takes them to that thoroughfare in a continual state of apprehension. Last night, while the accident to Mr. Mingen was fresh in the minds of all, boys were chasing trains and others were taking desperate risks in boarding them. It is to be regretted that the practice cannot be broken up. Mr. Mingen's condition was favorable today.

Returned to Work.

When the whistle at the Southern Railway depot sounded early this morning the machinists formerly employed therein were at the gates ready to resume work. The special policemen, however, by some misunderstanding refused to allow the men to enter and they returned to their homes. Later the machinists were notified that the way was clear and most of the men again returned to the shops. Some, however, failed to report, but they will, it is believed, be on hand tomorrow.

It is stated that a number of the machinists formerly employed by the Southern Railway Company in this city will be transferred to Monroe, Va., where the company expects to do a considerable part of the work which was formerly done in this city. Some of the machinery has already been removed from the shops here to Monroe.

People who strolled yesterday in the vicinity of the Southern depot noticed that the yards adjoining this city had been almost denuded of cars. A few months ago more than a dozen tracks were filled with cars, and trains stretched literally for miles. They are being massed in the Potomac yards north of Alexandria where it is intended to make up all trains in future.

River Notes.

The long pier at Shepherd's landing, opposite this city, which is used by the Baltimore and Ohio railroad as a coal chute, is receiving extensive repairs and will be put in good order so that heavily laden trains of coal cars can be run out upon it and their contents transferred to barges.

A large vessel with a cargo of bone aboard from the Argentine republic, South America, sailed from Rio de Janeiro about two months ago for the Bryan Fertilizer Company of Alexandria. The bones are to be used in the manufacture of fertilizer, and the vessel is expected to arrive at Alexandria about the middle or latter part of this month. The Italian bark Antonio, the last vessel bringing bones from South America to Alexandria, was wrecked off Cape Henry the early part of the past spring.

Charges Against Policemen.

At the trial of Police Captain Mathews and Lieut. Mulhall, which closed yesterday in Washington, a number of witnesses were examined to show the condition of Engineer Murphy and to establish for the defendants the fact that the police on the night of the wreck were acting under orders of the chief of the fire department, as required by law. When the evidence was closed, Mr. Burke said he was not prepared to argue the case, as he did not expect the arguments would be reached until today. He consented, however, to go on, and immediately began his speech. He was followed by Mr. Esby Smith, Mr. Bendheim, for the complainants, closed the argument. The decision is not expected for three weeks.

Alexandria Water Company.

The annual meeting of stockholders of the Alexandria Water Company was held today. The reports of the officers showed the affairs of the company to be in good condition. The following directors were re-elected: Walter Roberts, E. L. Dain, Gerfield, G. S. French, Hubert Snowden, Worth Haisb, W. F. Lambert and M. Aherm. After the stockholders' meeting the directors met and elected the following officers: Walter Roberts, president; Geo. Uhler, secretary and treasurer; James Eveleth, collector, and Charles Power superintendent. A semi-annual dividend of \$2.50 per share was declared.

The ladies of the Allison W. C. T. U. wish to meet as many ladies of the city who are interested in the Children's Home as can possibly make it convenient to meet them tomorrow afternoon at the home at 1 o'clock. This is a worthy object and it is hoped the ladies will aid in it. The matron is very anxious to get the children's winter clothing ready for the winter.

Earl Burgess Company Tonight.

The Earl Burgess Company will open their week's engagement this evening at the Opera House, presenting that beautiful Russian play entitled "Dark of Russia." The drama deals with the rich and poorer classes of Russia and is without a doubt one of the best Russian plays ever seen at popular prices. During the action of the play and between the acts high class vaudeville will be introduced, which is considered by press and public the best ever carried by a popular priced attraction.

November Sunday.

The weather yesterday was ideal, and the streets were thronged with people throughout the day. Many strangers came to the city and the environs were visited by large numbers especially in the afternoon. Shooter's Hill road, West End, Braddock road and the Washington and Alexandria pike were thronged with people until late in the evening.

The churches were all well attended the services being conducted according to Saturday's announcement.

The Election Tomorrow.

The election tomorrow for congressmen from this district will be a quiet affair in this city and vicinity. The candidates are J. F. Rixey, of Culpeper, and J. B. Henderson, jr., of Alexandria county. The polls will be opened at the usual places at 6:31 tomorrow morning and will remain open until 4:55 p. m. The day will be a legal holiday, but only the banks and a few of the public offices will be closed.

Houses to be Removed.

The Washington Southern Railway has directed the occupants of the houses at the east approach to the new iron bridge extending from the Washington pike to the Poor House to vacate the same in order that the buildings can be razed and a steam shovel put to work. Four frame houses on the north will be demolished and one brick and three frame structures on the south will meet a similar fate.

There was a large congregation at St. Mary's Church last night, the occasion being the annual vesper services, under the auspices of F. Gerald Council, No. 459, Knights of Columbus. The programme, which had been previously published in the Gazette, was carried out in full. D. J. Callahan, of Washington, State deputy of the order, led the procession of the Knights of Columbus from the Young Men's Sodality Lyceum Hall, on Duke street, to the church. Rev. Father Albert Negahuep, a Pottawatomie Indian from Oklahoma, who is a student at the Apostolic Mission House, Brookland, was the celebrant, and the sermon was delivered by Very Rev. Alexander P. Doyle, C. S. P., superior of the Apostolic Mission House. His subject was "Christopher Columbus." The Gregorian vesper service was chanted by a double sextet composed of Seminary students from the Holy Cross College. The programme was as follows: "Deus in Adjuvium," John A. Schehl; "Lactatus Sum," "Ave Maria Stella," C. E. B.; "Salva Regina," Gregorian; "Ave Maria," Verdesen; "O Salutaris," Gerum; "Tantum Ergo," Adalbert Lenk. THE REPUBLICAN NOMINEE.

Mr. John B. Henderson, Jr., of Alexandria county, has accepted our nomination for Congress. He stands for protection and a tariff in the interest of the people. He is a man of high character, a man of high ability, a man of high integrity, a man of high courage, a man of high honor, a man of high principle, a man of high character, a man of high ability, a man of high integrity, a man of high courage, a man of high honor, a man of high principle.

We need in this city and State two strong virile parties to contest elections. It is healthy for a city and State for two such parties to exist more evenly divided than they are at present in this State to make contests for the offices and for the power to legislate for the people. Soon, if present conditions continue, with practically one party in power in the State, we may witness a reform party spring up to take control from the now dominant party such as we have witnessed during the last year in Philadelphia, Pa., and I want to say right here that if I lived in that city I should consider it a patriotic duty as a good citizen to vote against my own party, and in favor of putting my city in the hands of clean men of the opposition if necessary. We may, if present conditions continue, have such contests here in Virginia, but I hope not. I hope we love our State too much to wish to see misfortune overtake her to gain any partisan advantage. We are doing good service to our country and State by trying to make our party strong and respectable—even by our friends, the enemy. Respectfully,

W. P. GRAVE.
